

CHATHAM - KENT

Suggested Presentation Format

Presentations should be simple and not overly formal.

Take some time to review and plan what you will say on behalf of your nominated charity. You will have **3-5 minutes** to make your case for support which needs to include some time for a few questions from the group. Here are some talking points you may want to incorporate into your presentation:

- State your name and the name of the organization serving Chatham-Kent you would like to receive the funding.
- Start with an engaging opening line, e.g., “75 women in our community are involved in a domestic violence dispute every month...”
- Share the organization's mission statement.
- Describe the program that you would like to be funded. How is it funded now? Provide some background information, if possible.
- Identify how many people and who the funds will impact (ex. children with mental health, homeless women, seniors with discretionary funds, etc.).
- Clearly identify what the money will be used for.
- Tell how essential this program is and what our community will miss if this program does not get funded.
- Share a story so the group can feel connected to the charity, or tell something the charity has shared with you.
- Ask if there are any questions.

All charities and organizations up for consideration must be in Chatham-Kent. The idea is to keep it local and make an impact that **WE** can **SEE** in our communities!

In order to maintain fairness between all presentations we ask you as the nominator plan to speak only, or if you wish, you can pass it off only to another committed member of 100 Women. There is no access to electronics, and we cannot allow representatives from the organizations to present on your behalf.
